

A Shipper's Guide

Time-Critical LTL Holiday Freight

1

Make a List, Check it Twice

Shipping Information Required by Carriers (for LTL Freight)

There are a number of required data elements to receive accurate freight quotes.

[Click here to view the full list.](#)

2

Wrap It Up With a Bow

Ensure the Freight is Properly Packaged

LTL shipments should be palletized, strapped or banded, stacked heaviest to lightest vertically and shrink-wrapped.

The shipment should be properly labeled on all sides of the freight.

Shipment information should match the Bill of Lading (BOL) exactly.

3

Follow Our Guiding Light

Leverage a TMS for Visibility into the Best Combination of Rate and Service

Aggregate rates from numerous pre-loaded carriers.

Compare carriers by price and delivery windows in a single system.

Ability to track shipments through final delivery.
